

ZeolithMED Skin cream for dry skin

ZEOLITE - THE CLASSIC DETOX PRO REGENERATION CREAM FOR NATURAL SKIN CARE FOR DRY SKIN

Our zeolite skin cream has been developed on the basis of natural raw materials to effectively support the natural regeneration processes in dry skin. The classic detoxification specialist zeolite is supplemented in it with valuable jojoba oil, natural vitamins A and E, squalane, cocoa butter, urea and sea salt. We do not use any raw materials derived from petroleum.

A zeolite cream for regenerating skin care from the outside, so that the skin is in balance, where it can help and protect itself.

CONTENTS AND PACKAGING

100 ml of zeolite skin cream in a tube with a flip top cap, no outer packaging, manufactured according to German cosmetics regulations.

USE AND DOSAGE

Apply a thin layer of zeolite cream to the skin several times a day as needed and massage in gently, excluding the eye area. In case of eye contact, please rinse the eyes with plenty of water and consult a doctor if necessary.

ACTIVE INGREDIENTS

Zeolite, plant glycerin, cocoa butter, squalane, jojoba oil, natural vitamin A + E, urea, sea salt

PROPERTIES

Activated, natural clinoptilolite **zeolite** supports regeneration through pollutant-binding properties. **Glycerine** is a moisturiser. **Cocoa butter** is absorbed very quickly into the skin, nourishes and leaves the skin feeling velvety. Squalane makes the skin supple and smoothes it. **Jojoba oil** has very skin-caring properties, penetrates easily, and its excellent deep penetration regulates the skin's moisture balance. **Vitamin A** protects against free radicals and light-induced skin damage. Natural **Vitamin E** protects the skin from light-induced premature ageing. **Sea salt** promotes healing and tightens the skin. **Urea** has a moisturising, skin-caring, moisturising and healing effect.

STORAGE

Store in a dry place below 30°C, protected from sunlight.
